### **DETAILED ACTION**

The text of those sections of Title 35 U.S.C. Code not included in this action can be found in a prior Office action.

Claims 1-6, 8, 33-38 and 40 are rejected under 35 U.S.C. 102(b) as being anticipated by Makino et al. US5945887 for reasons of record.

### **Response to Arguments**

Applicant's arguments filed 7/1/02 have been fully considered but they are not persuasive.

Regarding applicant comments directed to the rejection of Claims 1-6, 8, 33-38 and 40 under 35 U.S.C. 102(b) over Makino et al. US5945887, Applicant argues that "the Examiner did not point out specifically wherein Makino discloses the claimed harmonic processing circuit arranged between the amplifier and the output terminal"

This argument is not persuasive because Examiner pointed out the harmonic processing circuit as being 6 or 16 in figure 2, which is between the amplifier 13 and the output terminal (50ohms terminal). The term "harmonic processing circuit" as used in the claim language is properly read, in the broadest reasonable interpretation, as a processing circuit that performs filtering harmonics or matching impedance of harmonics of signal of interest. Even the term "harmonic processing circuit" is disclosed in the application as "a circuit for processing a harmonic and performs an operation such as impedance matching of a harmonic". See page 1, line 31). Although the claims are

interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
